Tri-College
Tri-College is a consortium comprised of NDSU, Minnesota State University Moorhead, Concordia College, Minnesota State Community and Technical College, and North Dakota State College of Science. Grades and credits are calculated in the home institution's cumulative totals. Courses taken by NDSU students via Tri-College are marked with a *M (Minnesota State University Moorhead), *C (Concordia College), *TC (Minnesota State Community and Technical College), or *SC (North Dakota State College of Science).

Repeated Courses
Repeated courses are noted on the transcript. Initial attempts remain on record, but only the last completed attempt of a repeated course is included in cumulative totals. Typically if last term of attendance was prior to Fall 2002, historical records include:
- parentheses ( ) around credits excluded from GPA calculations, with the exception of F grades
- asterisks (*) to reference grading footnotes
- 'Z' indicators to note repeated courses; excluded from GPA calculations

Authenticity of Transcript
Transcripts are official when printed on green security paper bearing the signature of the University Registrar. Transcripts issued to students have "Issued to Student" stamped on each page. When photocopied, the word "copy" appears across the face of this document.
